

# how is my suburb not the city?

**Workshop leader:** Beatriz C. Maturana

Beatriz is an architect and urban designer, currently undertaking a PhD at the University of Melbourne where she tutors in architecture and urban design. She is the founder and president of Architects for Peace.

**This is a 1.5-hour walk around the city.**

**Date and time:** Friday August 31

11am - 12:30pm and 2:00pm-3:30pm

**Audience:** secondary school students whose projects have been selected (refer to *Transported* website/students)

**We will depart:** from RMIT bldg 50 and continue to the State Library, the lanes, arcades, Federation Square and Flinders St. Station.

**Aim of the workshop:** to find those aspects that make the city and that we enjoy sharing

**Questions:**

- What is it that makes those spaces you like important?
- How does connectivity make the city?
- What does make the city walkable?
- What ideas can we borrow?

**And after the walk?** Students will return to RMIT Bldg 50 to work on these ideas and to prepare a visual presentation for next's day forum.

**Please note:** It is up to the respective schools and/or parents to assist and organise the students' transport (drop off and pickup) and/or transport costs. Students will be responsible for their own safety and conduct during the workshop. Associated project teacher(s) are welcome and encouraged to attend and participate.

**Interested in sustainability and cities?**  
If you are a secondary student, interested in sustainability and cities, make sure you and your school team submit your sustainable project to Transported. Selected project teams will be able to take part in this exciting workshop.
